If you see this page and message, request the patient to click the link and provide google review

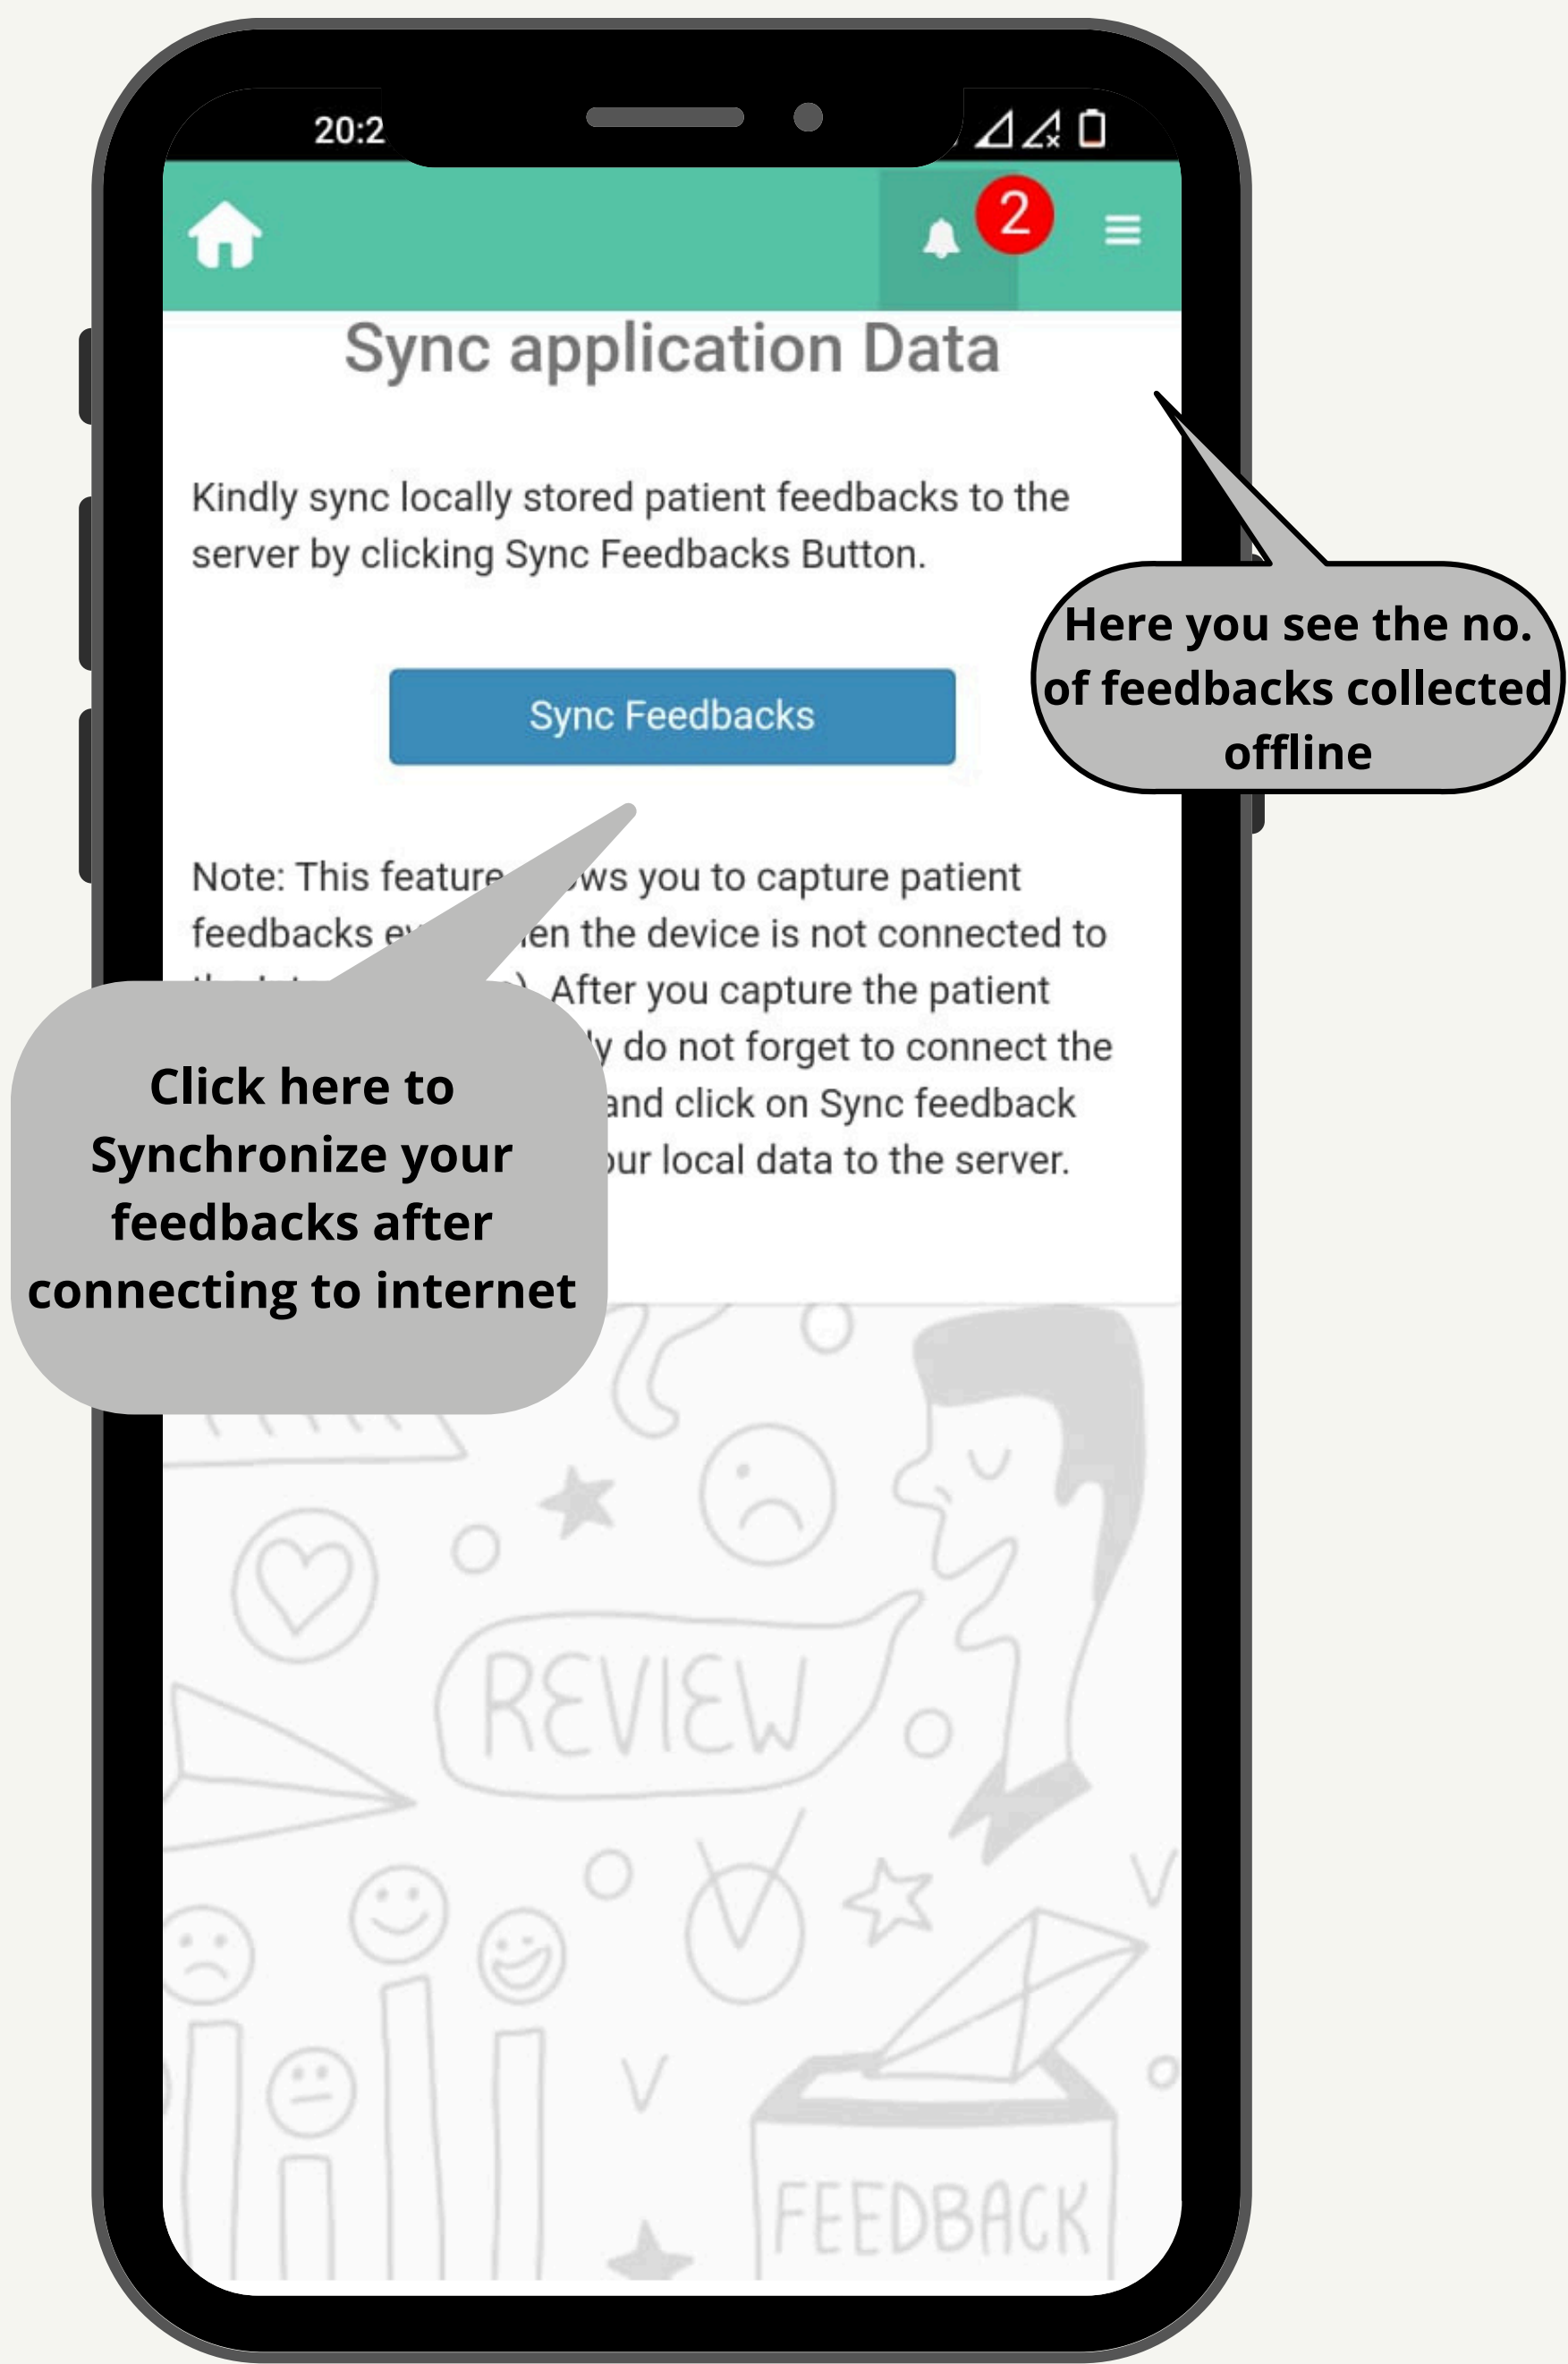

THANK YOU PAGE FOR UNHAPPY PATIENTS

If a patient expresses dissatisfaction, a sorry message will be featured on the thank-you page, accompanied by the delivery of an apologetic SMS.

COLLECTING OFFLINE FEEDBACKS

If there is no internet connection in the patient area, you can collect the feedbacks offline and synchronize the feedbacks when the device is connected to the internet.

Tips to patient coordinators

1

Collect maximum patient feedbacks.
Feedbacks are the only way to understand patient expectations and make improvements.

2

Provide private space to patients while filling the feedback form.

3

Educate patients on filling the form and multi-lingual option allowing them to fill the form in their language of comfort

4

Ensure that every minor negative experience raised by patients are marked under the respective sections.

5

Entertain comments and suggestions (both positive and negative). Encourage patients to describe their experience.

6

Most importantly, ask for google review if you see a thank you page for happy patient.

7

Do not forget to synchronize the feedbacks collected offline once the device is connected to the internet
